## About Me

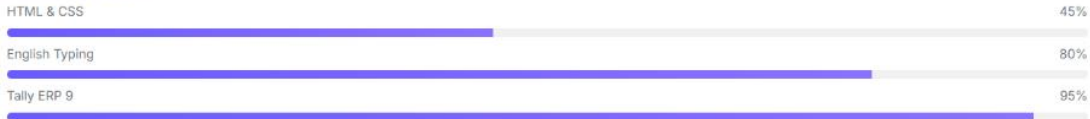

Hi — I'm Deepansh. I build accessible, high-performance web interfaces focused on clarity, responsiveness and maintainability. I enjoy turning product concepts and design mockups into dependable user experiences using modern HTML, CSS and Bootstrap.

I follow semantic markup, progressive enhancement and component-driven patterns. My goal is to deliver interfaces that feel fast and are easy for teams to maintain — with attention to accessibility, testing and clean documentation.

### Core Skills

- SQL with Python
- TALLY ERP 9
- MS-Excel
- HTML & CSS
- English Typing
- ADCA

### Skills — progress

### Recent Experience

At MAHARISHI VIDYA MANDIR SCHOOL KHATIMA, I worked as a Computer Operator and also contributed to accounting tasks. This experience allowed me to enhance my skills in professional communication and task management through daily responsibilities. My focus includes proficiency in accounting, and tools like Tally ERP, complemented by certification in AI Tools from Be10x.

## MY Projects

### Python with SQL

An animation-heavy demo focusing on performance and accessibility.
